How Can You Support Your Child's Learning?

- Ensure you check that your child's books are clearly highlighted and labelled as some children are bringing their History book to Geography class and vice versa.
- Ensure your child has all necessary lesson equipment in class to avoid wasting time during lessons.

- Practice key words and long answer questions with your child for all topics covered in class. Challenge your child and give them a written quiz at home.
- Check your child's organiser and homework every evening in order to reinforce concepts covered in class.
- Revising and researching topics on the internet will aid their learning. Refer to useful websites e.g. BBC Bitesize.
- Watch YouTube videos related to relevant topics for further understanding.

Kind regards,

The Humanities Team
